## TRANSFORMATION WITH SAP S/4 HANA

Let SAP S/4HANA and Sofgen be the transformation catalyst to empower your organisation to find new value and scale new heights. We are a SAP silver partner and are proud to have been serving organisations with their SAP S/4 Hana implementations.

SAP S/4HANA will enable you to add more value, generate efficiencies, and empower people across all business functions. Sofgen can help you tap the true transformative value of S/4Hana enabling you to collaborate better, manage seamlessly, push customer experience and unlock new value.

Our SAP practice includes:

### IMPLEMENTATION

SAP S/4HANA is a real-time enterprise resource management suite for digital business.

### MIGRATION

There is always a perception with technology that if it isn't broken why change it?

### CONVERSION

Arguments for choosing SAP S/4HANA System Conversion. Decision factors influencing

### INTEGRATION

SAP can help you integrate all of your ERP, on-premise, cloud and third-party systems.

Our team has decades of experience implementing ERPs and technology solutions. As a SAP silver partner, our team of experts enables organisations to get the most out of their digital transformation process.

# WHAT MAKES US DIFFERENT

Apart from our strong decades of experience, our ability to understand customers - their unique business problems and their people, our strong ethic is what makes us different.

*At Sofgen we keep ourselves strongly differentiated through:*

## Gaining Trust through Customer Orientation

Being a trustworthy, customer focused organization

## Custom Solutions

Tailor-made delivery ; options of on / off shoring or a hybrid model for fast cost effective delivery.

## High Value for Money

Our endeavour is to provide a very high value for money for our partners

## Right Culture

An open and dynamic environment where everyone is listened respected and encouraged to excel

## We Grow when our Customers Grow

Exploring opportunity for the growth of our customers and our organization

## User Centric Approach

User will be at the centre of all our interface design; increased usability increased productivity

We are a client-centered and quality-conscious organization offering packaged and customised IT solutions with a single goal of propelling our client's business growth.

We work with organisations across industries. Our experience of working across major industries has enabled us to create custom solutions to answer the industry's specific challenges.
