DECADES OF ERP EXPERTISE.

ONE PARTNER FOR THE COMPLETE TRANSFORMATION JOURNEY.

Why SofgenERP?

**BUILT AROUND YOUR PROCESSES.
READY FOR YOUR NEXT STAGE OF GROWTH.**

Generic ERP systems often force businesses to adapt to the software. SofgenERP adapts to the way your manufacturing business actually operates. Backed by over 35 years of industry experience, it connects every function on one secure, scalable platform—delivering greater control from the shop floor to the top floor.

TAILORED TO YOUR BUSINESS

Modules and workflows configured around your unique processes, priorities and growth plans.

PURPOSE-BUILT FOR MANUFACTURING

MRP, BOM, production, quality, inventory and maintenance capabilities designed for real manufacturing operations.

ONE CONNECTED BUSINESS PLATFORM

Unified data and processes across departments, plants, warehouses and business locations.

REAL-TIME BUSINESS INTELLIGENCE

Live dashboards, automated alerts and decision-ready reports for complete operational visibility.

FLEXIBLE BY DESIGN

Cloud or on-premises deployment with mobile access and seamless third-party integration.

SECURE, SCALABLE & SUPPORTED

Role-based security, multi-plant scalability and dedicated implementation and support teams.

THE BUSINESS IMPACT

Increase Productivity

Reduce Operational Costs

Make Faster Decisions

Achieve Complete Traceability

Improve Customer Service

Build Sustainable Profitability

FROM SHOP FLOOR TO TOP FLOOR, SofgenERP KEEPS YOUR BUSINESS CONNECTED.

SofgenERP MOBILE APP

YOUR BUSINESS. IN YOUR POCKET.

CONNECT. AUTOMATE. ACCELERATE.

SofgenERP connects with the systems already powering your business—from shop-floor equipment and financial tools to ecommerce, logistics and analytics platforms.

Secure, API-based integrations keep information moving accurately across departments and systems, creating one connected source of real-time business data.

ADVANCED CAPABILITIES

Complete Audit Trail

Role-Based Security

Custom Dashboards

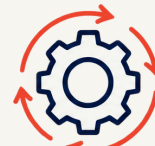

Cloud & On-Premise Deployment

Multi-Level Approval Matrix

User Permission Controls

Workflow Automation

Multi-Location Support

ONE CONNECTED ENTERPRISE. NO DATA SILOS.

SofgenERP eliminates duplicate data entry, automates critical workflows and gives every team access to consistent, real-time information. The result is greater accuracy, better visibility and faster decision-making across the enterprise.

INTEGRATE TODAY. INNOVATE TOMORROW.
GROW WITH SofgenERP.

OUR MODULES

Eight modules. One system. Take what you need, add the rest later.

01 SALES & DISTRIBUTION

From enquiry to invoice, nothing gets lost.

Sales Enquiry & Quotation · Sales Order Management · Delivery Scheduling · Dispatch & Shipping · Invoicing & Billing · Sales Returns · Credit Control · Dealer & Distributor Management · Customer Relationship Management (CRM) · MIS Reports

03 FINANCE

Accurate accounts, ready whenever you need them

General Ledger · Accounts Payable / Receivable · Cash & Bank Management · Fixed Assets · Cost Accounting · Budgeting & Forecasting · TDS / GST Compliance · Financial Statements · MIS & Analytical Reports

05 PURCHASE MANAGEMENT

Control what you buy and what you pay for it

Purchase Requisition · Vendor Management · Enquiry & Quotation · Purchase Order · Order Tracking · Goods Receipt & Inspection · Purchase Returns · Vendor Evaluation · MIS Reports

07 MAINTENANCE

Keep your machines running and your downtime low

Preventive Maintenance · Breakdown Maintenance · Maintenance Scheduling · Work Order Management · Spare Parts Management · Maintenance History · Cost Tracking & Reports

02 PRODUCTION

Plan it, run it, and see it happening live.

Production Planning · Bill of Materials (BOM) · Material Requirement Planning (MRP) · Shop Floor Control · Routing & Work Centers · Capacity Planning · Job Order / Batch Tracking · Quality Management · Production Costing · MIS Reports

04 MATERIAL MANAGEMENT

The right material, in the right quantity, at the right time

Purchase Requisition & Order · Material Receipt · Inventory Tracking · Stores & Warehouse Management · Gate Entry & Quality Check · Issue & Returns · Stock Transfer · Reorder Management · MIS Reports

06 QUALITY MANAGEMENT

Catch problems before they reach your customer

Incoming Quality Inspection · In-Process Quality Check · Final Inspection · Quality Control Plans · Non-Conformance Management · Corrective Actions · Quality Reports & Analytics

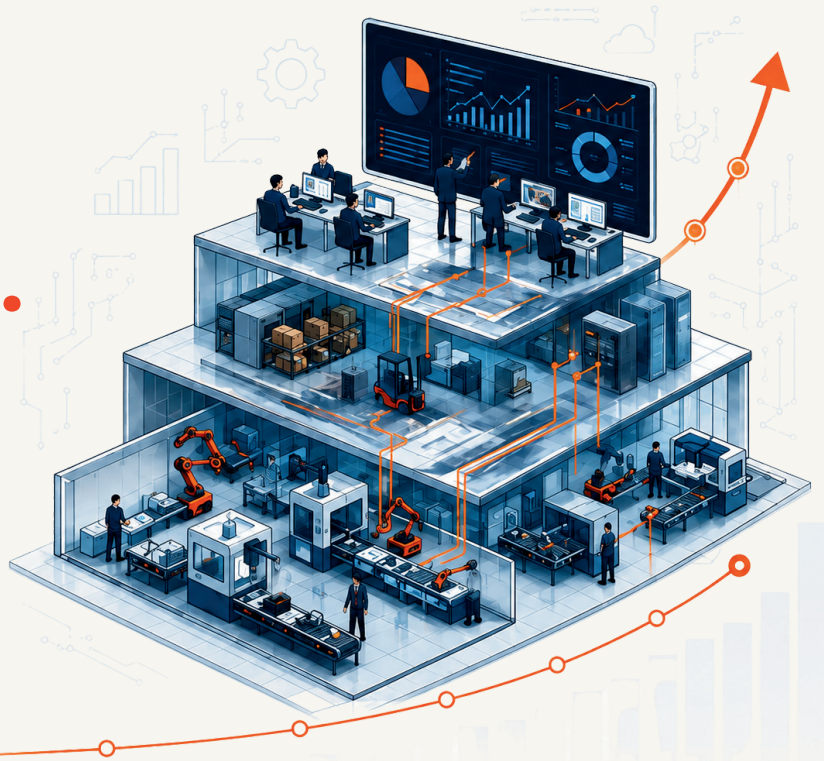

08 HUMAN RESOURCE MANAGEMENT

Attendance, salary and staff records, handled properly

Employee Master · Attendance Management · Payroll Processing · Leave Management · PF / ESI Compliance · Employee Self Service · HR Reports

Built on Experience. Focused on Your Growth.

At SofgenERP, we believe technology should simplify operations, empower people and create room for growth. With over three decades of manufacturing ERP expertise, we help businesses connect departments, improve productivity and make confident decisions through solutions built around the way they work.
